

February, 2007

Dear Friend,

The Millbrook Arts Group, affectionately known as MAG, has been providing our community with excellent presentations in a variety of the arts for almost twenty years. Our mission is to encourage, support and coordinate cultural, educational and social activities in the Village of Millbrook and Town of Washington. Our two major efforts are the Summer Sunset Concert Series at the band shell and the community holiday concert held every December.

Now, thanks to the overwhelming response from all of you during last year's fund drive as well as the availability at the new Millbrook High School of a state of the art auditorium, we want to start an Indoor Fall Series. In November, 2006, we presented Jay Unger and Molly Mason. The concert was a great success with almost two hundred in the audience. Jay and Molly want to come back this fall, perhaps for a fiddling festival. Among other exciting ideas for the fall are a Broadway in Concert show, a string quartet and a talented, local pianist.

Our community is most fortunate to have such wonderful concert venues. The band shell lawn is the perfect spot for a picnic, dancing, visiting with friends and neighbors, or just enjoying the music. Having the High School auditorium available for indoor performances will enable us to present high quality performances in a professional setting.

MAG seeks your generous support and wants you to be part of our future. By becoming a member of MAG, you will receive early mailings for all events and based on your level of giving, inclusion on our Summer Sunset Concert series sponsorship banner.

Please review the enclosed pledge card and return it checked with your level of giving in the envelope provided.

With much appreciation,

The Millbrook Arts Group Board

Gary Ciferri, Jennifer Cole, John Dux, Steve Fabrizio, Donald Fegan, Ann Gifford,  
Suzanne Jagar, Maureen King, Nancy Murphy, Margo Peter and Ambrose Verdibello.
